Welcome to the Second Language (L2) learning at the ESH

The starting point for L2 lessons is the common curriculum for second language acquisition. The objectives are based on the Common European Framework of reference for Modern Foreign Languages: learning, teaching and assessment.

When learning the second language attention is paid to the following skills: listening, speaking, reading and writing. The classes offer a wide variety of language activities covering topics related to pupils' experiences. Wherever possible, these topics are aligned with *Discovery of the World* topics. The levels within one year group can be very diverse and this will be taken into account by teachers, who select a variety of resources and methods to cater for the different needs.

Language learning is seen as a continuous step-by-step learning process taking into consideration the individuality of each student. We take into account the individual pupil's starting point on the language continuum and we differentiate accordingly.

The Language II Curriculum makes a significant contribution not only to the development of communicative competences, but also to social and civic competences and to the students' cultural awareness and expression. Language learning gives pupils a good base for acquiring other languages and for developing their individual personalities.

The aim of second language learning

The L2 programme is based on the Common European Framework for Languages (CEFL) and is harmonised between the three L2 languages of English, French and German. The aim of L2 pupils by the end of the Primary cycle is to reach an A2 level in all of the five competencies;

- Listening
- · Spoken Interaction
- · Spoken Production
- Reading
- Writing

There are six levels in total - A1, A2, B1, B2, C1, C2.

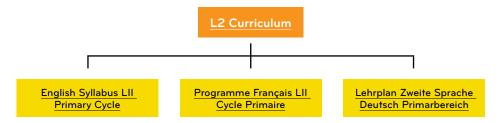

For a pupil following the European school curriculum from the beginning of Primary they should reach A1 level around Primary 3, and achieving A2 level would be the aim in P5. Only a few pupils can reach B1 level in Primary due to maturity and the complexity of the requirements skills (especially in reading and writing).

Pupils with a clear A2 level (in the 5 competencies) are challenged and stimulated to acquire some of the B1 competencies as appropriate and go into more depth in the A2 competencies.

L2 Curriculum

L2 tuition is based on a curriculum and three syllabuses, one for each of the three L2 languages (English, French and German).

Overview of languages and subjects

This diagram shows the development of language learning and subjects through the different cycles at the European School.

EXAMPLE

Agatha's L2 choice at the ESH

EARLY YEARS Meet Agatha, she is a happy pupil who just enrolled in our French language section in Early Years 1. The family has just come from France. Like all EY pupils, she is following Dutch as an Additional Language (DAL) lessons, the language of the host country and she is exposed to English as a vehicular language of the school.

PRIMARY 1 – 2 When Agatha enrolled in the school her parents chose English (being one of the three vehicular languages of the European Union) as her Language 2. Now that she's been promoted to the Primary, she receives L2 lessons every day for 30 minutes with an English L2 teacher. She is learning songs, games and how to build up basic daily sentences. She is continuing to receive DAL and practice it every day in and outside the school.

PRIMARY 3 – 5 With her promotion into P3, Agatha is now receiving a subject called "European Hours", during this time she explores European culture and history but receives tuition through her L2 (English) for the first time. She has 45 minutes of English L2 every day and starts to write short text and even do presentations to her L2 class. Her Dutch is quite good as she has been learning it for 5 years already.

SECONDARY Next year she will move to Secondary and will have to choose a 3rd language. Will it be Spanish or German?

L2 Options

L2 is compulsory for all primary students from Year 1 to Year 5. Students may choose one of the three vehicular languages of the European Schools: English, French or German. The language chosen must be different from that studied as L1*. Once chosen, the L2 will be studied until S7.

Primary L2 schedule

This table shows how many hours in total are spent on L2 learning in the Primary cycle, showing the increase from Primary 2 to Primary 3.

Topics

Regardless of the group, pupils follow the same curriculum and the same planning in the 3 languages. Some parents find it interesting to know what topics are coming up in the language learning in case there are any opportunities to support the school language learning with activities at home or on holiday.

P1 - P2 topics	P3 - P4 topics	P5 topics
School and classroom	Daily activities	Pupils and their school
Family and relationships	School	Pupils and their family and friends
European countries and nationalities	Travelling, Landscapes and Continents	Pupils and their free-time
Home	Celebrations	History and past events
Seasons and weather	Frogs, Knights and Princess	Pupils and their well being
Clothes and colors	Modern family and family from yesterday	Pupils and the world of fantasy
Animals	Music, rhythms and instruments	Pupils and the world around them
Food and alimentation	Job and professions	Movies that matters
Sports and activities	Arts / At the museum	
City and shops	Doctor, body parts and sickness	

* Exention:

When a pupil is following an L1 that is not the language of the section, then the pupil has to follow L2 tuition in the language of the section.

L2 learning

Language learning is a very complex, holistic process and pupils will achieve a variety of competences. Our approach, guided by our curriculum provides a framework of learning objectives taking into consideration the communicative, linguistic, cultural and dynamic aspects of language learning.

There is progressive learning from P1 to P5 with implementation of the language in activities suited to the age range.

- P1 P2 the Discovery years in which lessons are about acquiring basic vocabulary and basic writing learning through games, songs, role play and craft activities.
- P3 P4 focusses on the Consolidation of Skills by acquiring a broader range of vocabulary, structured sentences, pronunciation and some grammar points beginning to be formalized (according to language specification). This is largely done through writing activities and the beginning of presentation-style activities.
- P5 This year is used to strengthen vocabulary, assure basic language structures are known
 and mastered and that all pupils are able to work increasingly independently in preparation
 for Secondary school. There is also an increase of cross-curricula topics, such as History and
 Geography.

Organisation of classes

When it is possible and relevant, L2 classes are organized into ability groups linked to the ECFL (A1, A2, B1). The purpose of the ability groups is to place children in the best learning environment to support the progress of their L2 competencies. When applying the grouping, the pupils' ability in five competencies (Listening/Understanding, Spoken Interaction, Spoken Production, Reading, and Writing) is taken into consideration as well as the number of pupils. The overlap between the different ability groups can be very tight. Within one class, the linguistic scope can be large and therefore differentiation is always necessary.

Differentiation can be delivered in a number of ways;

- by instruction (complex/simplified)
- by spoken interaction (basic/detailed)
- by progressive activities (2 to 4 levels)
- by additional tasks
- by team work (leading/supporting)
- · by peer work
- by ICT

It is important to know that even in the higher level groups, the L2 content and approach will never follow an L1 curriculum.

L2 teachers

All L2 teachers are experienced language teachers. They teach all year groups from P1 to P5. All English, French and German class teachers will teach at least six months of L2 or support in L2 classes in their year level.

Progress and Support

What can you do to support your child in their L2 learning?

By reading this guide you can be confident that you have a good understanding of the approach to L2 teaching and learning at our school. You might find the guidelines and tips below helpful if you want to support your child further in their L2 development.

Homework

Our guideline for homework in L2 learning is 15 minutes (P1/2 pupils) to 25 minutes (P3 – P4 pupils) maximum per week.

Assessment is a combination of the following;

- L2 teachers carry out continuous formative assessment through the class activities completed for the 5 competencies
- There are two report cards during the school year (February and June)
- Your child will participate in (+/-) 10 self-assessment activities throughout the school year;
 these are held after every topic
- Pupils in P4 P5 participate in the European Certifications

How to support your child with their L2 learning

- Ask your child questions about L2
- Be connected to the L2 class Dojo for regular updates
- L2 folders will be sent home on regular bases: check, sign and comment L2 folder
- Encourage your child to borrow books from the school library in their L2
- Take part in activities in your child's L2 at home eg. Watching cartoons, listening to music, reading stories
- Travel to the L2 country
